President Tory,

University of Alberta.

Dear President Tory:

I spoke to you when you were here about Dr. W. G. Morton of Leeds, England, as being a suitable man in my judgment for a chair of Anatomy, if you were to establish one. I am sending you herewith a testimonial that has just been forwarded to me. It substantiates the opinion that I have already formed of Dr. Morton's ability and character.

I am,

Yours sincerely,

President.

President Tory,

University of Alberta.

Dear President Tory:

Our full professors' salaries run from $3100 to $3600, and about fourteen or fifteen men get $4000. The Dean of the Faculty of Applied Science gets $4500 and Principal Hutton of University College gets $5000. These are the salaries as we have them. If there is any furtner information that I can give you I shall be glad to let you have it.

Yours sincerely,

President.
